Ring the Rhino

Assembly Instructions

1. Select a level area to operate game with plenty of room to allow for a line to form.
2. Assemble framework, per sketch. Note that each side is made of up one Pipe A and one Pipe B. The C Pipe (with peg) is joined with a B Pipe to make the center (vertical) section. This has Tee Fittings placed on either end and is slid onto the top and top and bottom sections. The two remaining Pipe Bs slide through the 4-Way Fitting to create the base. (Be sure to tighten down the fittings using the small eye bolts on them.)
3. **IMPORTANT**: Be sure the protective PVC sleeve is covering the peg. ***This is important for the safety of the players.***
4. Attach canvas to the framework using the Velcro straps.
5. If using game outdoors, it is strongly suggested that you use the stakes provided on either side of the bottom supports. Use sandbags on pavement. And in a breeze, use sandbags with the stakes.
6. Never fold up canvas wet. Always allow to dry thoroughly first.

Ring the Rhino

Safety Instructions

1. Use only under adult supervision.
2. **IMPORTANT**: Be sure the protective PVC sleeve is covering the peg.
3. Be sure that there is plenty of clearance between the player and spectators.
4. Keep spectators clear from the sides and back of canvas to prevent them from being struck by a deflected or errant throw.
5. If using game outdoors, it is strongly suggested that you use the stakes provided on either side of the bottom supports. Use sandbags on pavement. And in a breeze, use sandbags with the stakes.
6. **NEVER USE THE GAME IN STRONG WINDS OR LIGHTENING!!**
7. Use caution when setting up or taking down the game. The sections of tubing can come apart and fall down causing injury.
8. Use only the toss items included with the game. Do not use hard balls or other hard objects.

Canvas Care

1. If game becomes wet, dry thoroughly before storing.
2. Fold the canvas *inward* to help protect and keep it clean.
3. Canvas can be cleaned with rubbing alcohol when necessary. If your game involves Velcro, clean the hook and loop fabric with dry brush to knock out the dirt. If Velcro fabric is badly soiled, use upholstery cleaner.
